## Hobbies.

- Rovers: this is part of the scouting movement that has people from the ages of 18 to 26. we are a self reliant, self motivated group that participates in activities such as hiking, canoeing, motor sport, rock climbing, abseiling and camping.
- Computers: I have always been interested in computers and have maintained, upgraded, modified and built computers since high school. I have great knowledge of current design software such as Auto-cad and Inventor, and an understanding of basic electronics.

## Experience.

- Title: Kangaroo Mob.
  - Duration: 1hr
  - Year: 2010
  - Format: High Definition Video Sony F900R, Canon 5D MkII
